Dear Parent/Guardian:

Senate Bill 895 requires schools and children’s facilities to share immunization and exemption rates in three ways:

1. On the school or children’s facility website,
2. In the main office, and
3. By sending a paper or electronic copy to parents twice a year.

These immunization rates must be shared twice a year:

- Within 30 days of the beginning of the school year.
- Within 30 days after Exclusion Day, which is always the third Wednesday in February.

Should you have any questions, you may either visit the Oregon Immunization Program website at: www.healthoregon.org/imm or contact our office at 541-935-2101.

**Note:** Not all immunizations are required for all grades. These numbers may not total 100% if some children have medical exemptions or are incomplete.

There is also a child(ren) enrolled for whom immunizations are not required to be reported because they are on schedule or in process with immunizations but do not need an exemption because they are on schedule.

Percent of children with a medical exemption for one or more vaccine(s): 3%
